GUI Update

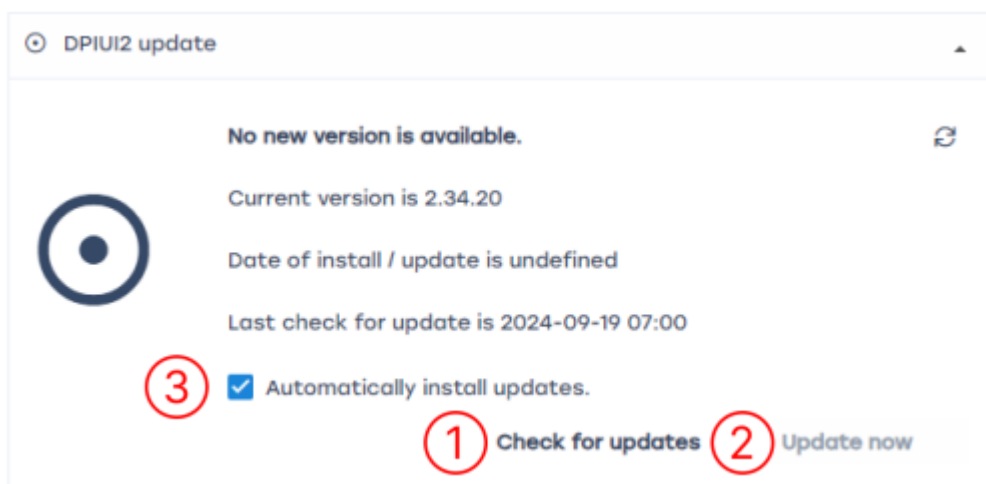

You can find information about updates in the Administrator → GUI Update section.

Check for DPIUI2 Updates

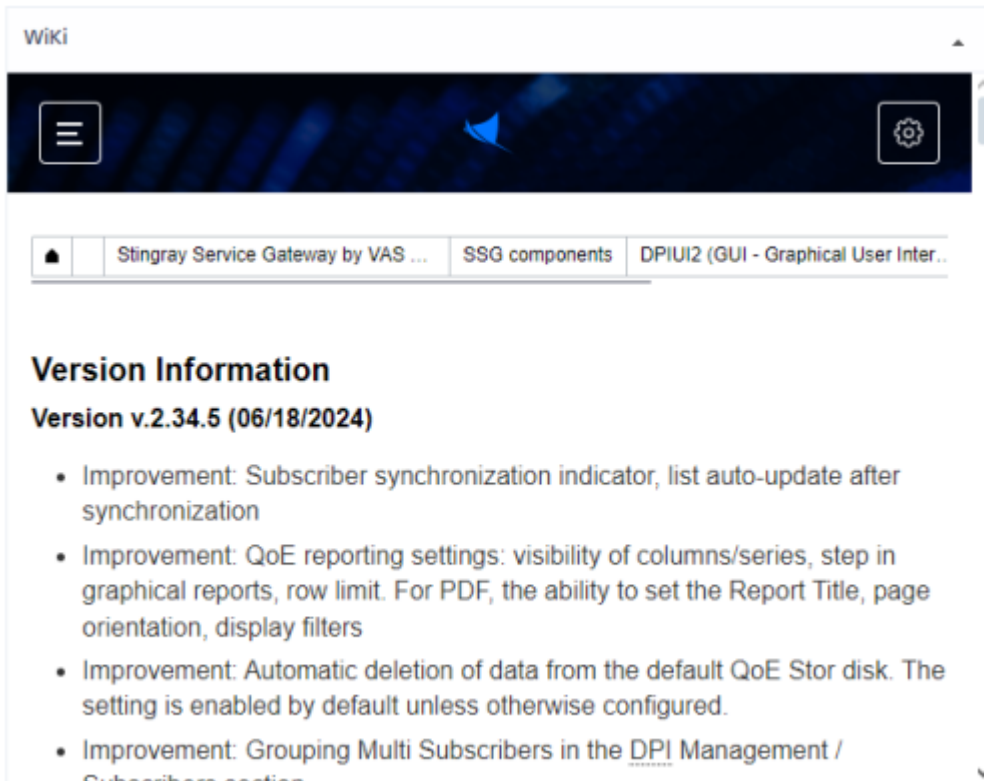

The data is located in the "DPIUI2 Update" block.

1. You can check for updates by clicking the **Check for updates** button.
2. If an update is available, the **Update now** button will be active. By clicking the button, you can update DPIUI2.
3. You can also select the **Automatically install updates** option to enable automatic updates by default.

Review Previous Versions of DPIUI2

The data is located in the "Wiki" block.
Use the scroll bar to view the page.

View the Last Update Log

The data is located in the "DPIUI2 Last Update Log (reverse order)" block.
Use the scroll bar to view the log files.

1. To download the file, click the **Download file** button.
2. To refresh the file, click the **Refresh** button.

View the Last Update Check Log

The data is located in the "DPIUI2 Last Update Check Log (reverse order)" block.
Use the scroll bar to view the log file.

1. To download the file, click the **Download file** button.
2. To refresh the file, click the **Refresh** button.
