Installing the key 3

Installing the key

In order to be able to use the **Classifier** , it is necessary to activate the license of the Classifier section in DPIUI2.

To do this, you need to run the command:

```
dpiui2 clsfr_lic --make=1
```

Further:

1. Enter the standard license level;
2. Enter the expiration date of the license in the Y-m-d format (for example, 2099-12-31);
3. Enter the password for the license.

If you entered the correct data, a message about successful license activation for the Classifier section will be displayed:

```
dpiui2 clsfr_lic --make=1
Enter level:
> standard

Enter expire date in Y-m-d format:
> 2999-01-01

Enter password:
>

stdClass Object
(
    [success] => 1
)
```
