2 Logs VAS cloud

To go to the Logs VAS cloud section, open the VAS CLOUD SERVICES menu and LOGS VAS CLOUD.

The screenshot shows the VAS Experts interface with the 'Logs' section selected. The left sidebar includes 'SSG control', 'PCRF control', 'QoE analytics', 'VAS cloud services' (which is expanded), 'Personal area', 'Custom Protocols', and 'Logs'. The main area displays a table of logs with columns: Event, Attempts, Status, Status, Data, Create Time, Update Time, Create User, and Update User. The table lists various log entries such as 'DeployToHardwareActi' with attempts 9 and status 'Error'. The interface also features a search bar, filter options, and navigation buttons at the bottom.

Delete a file

To delete log files, select from the list and click on the "**Delete**" button.

Also the selected file by clicking on the "**Delete**" button located to the right of each item in the list.

<input checked="" type="checkbox"/>	DeployToHardwareActi 9	Error	Undefined proper	04/02/2022 06:02	06/06/2022 02:32	system	system	
<input type="checkbox"/>	SaveMyCustomPrtclsD 1	Success		06/05/2022 05:12	06/05/2022 05:12	system	system	
<input type="checkbox"/>	ForceSyncQoEDicsActi 1	Success		06/05/2022 05:12	06/05/2022 05:12	system	system
