3 FastPCRF parameters

Command line options and settings groups

FastPCRF configurations are specified in the /etc/dpi/fastpcrf.conf file.

The following command line options and setting classes are supported:

[FastPCRF command-line options](#)

[General FastPCRF settings](#)

[Settings of communication FastPCRF with FastDPI](#)

[FastPCRF settings for RADIUS servers](#)

[Parameters of CoA notifications being sent to the FastDPI servers](#)
