SWm/SWx Authorization Mode Settings

The parameters of the SWm/SWx interfaces are located in the configuration file in the auth subsection of the fast -epdg section

Section "fast-epdg.auth"

Parameter	Description	Value
iface	Used interface	[SWm][SWx]
swm {}	SWm interface parameters	
swx {}	SWx interface parameters	
s6b {}	S6b interface parameters	

Template:

```
fast-epdg {  
  auth {  
    iface =  
    swm {}  
    swx {}  
    s6b {}  
  }  
}
```
